Notify Covered Entity immediately following the “discovery” (within the meaning of 45 C.F.R. §164.410(a)) of an unauthorized use or disclosure of PHI. Initial notification of such event does not need to be in compliance with 45 C.F.R. §164.404(c); however, Business Associate must provide Covered Entity with all information necessary for Covered Entity to comply with 45 C.F.R. §164.404(c) and 45 C.F.R. §164.410(c) without unreasonable delay, and in no case later than ten (10) business days following the discovery of such unauthorized use or disclosure. Costs. Reasonable costs of Breach notification, mitigation, and remediation shall be allocated as follows: each Party shall bear the costs attributable to its own actions or omissions giving rise to the Breach. The Parties acknowledge that the Platform is not designed to maintain a Designated Record Set on behalf of Covered Entity. PHI processed through the Platform is delivered to Covered Entity, who is responsible for maintaining the Designated Record Set within Covered Entity’s own records system.

To the extent Business Associate retains PHI in a form that constitutes part of a Designated Record Set, then Business Associate agrees to:

provide access to Covered Entity or, as directed by Covered Entity, to an Individual, in order to meet the requirements under 45 CFR § 164.524, provided that Business Associate shall have at least ten (10) days from Covered Entity’s notice to provide access to, or deliver such information.

Business Associate agrees to make its internal practices, books, and records including policies and procedures for processing PHI, received from, created by or received by Business Associate on behalf of, Covered Entity, available to Covered Entity or to the Secretary, in a time and manner designated by the Covered Entity or the Secretary, for purposes of determining Covered Entity’s or Business Associate’s compliance with the Privacy, Security and Notification Rules.

Business Associate agrees to document disclosures of PHI and information related to such disclosures as would be required for Covered Entity to respond to a request by an Individual for an accounting of disclosure of PHI in accordance with 45 CFR § 164.528. Business Associate further agrees to retain a record of each disclosure for a period of time of no less than six (6) years from the date of such disclosure, so that Covered Entity is able to meet its obligations under 45 CFR § 164.528.

Business Associate agrees to provide Covered Entity, or an Individual, in a time and manner designated by Covered Entity, information to respond to a request by an Individual for an accounting of disclosures of PHI in accordance with 45 CFR §

164.528, provided that, unless a shorter time is required by law, Business Associate shall have at least fifteen (15) business days from Covered Entity's notice to provide access to, or deliver such information which shall include, at minimum, (a) date of the disclosure; (b) name of the third party to whom the PHI was disclosed and, if known, the address of the third party; (c) brief description of the disclosed information; and (d) brief explanation of the purpose and basis for such disclosure.

Business Associate agrees it must limit any use, disclosure, or request for use or disclosure of PHI to the minimum amount necessary to accomplish the intended purpose of the use, disclosure, or request in accordance with the requirements of the Privacy Rule.

Business Associate represents to Covered Entity that all its uses and disclosures of, or requests for, PHI shall be the minimum necessary in accordance with the Privacy Rule.

Covered Entity may, pursuant to the Privacy Rule, reasonably rely on any requested disclosure as the minimum necessary for the stated purpose when the information is requested by Business Associate.

Business Associate agrees to adequately and properly maintain all PHI received from, or created or received on behalf of, Covered Entity, document subsequent uses and disclosures of such information by Business Associate as may be deemed necessary and appropriate by the Covered Entity, and provide Covered Entity with reasonable access to examine and copy such records and documents during normal business hours of Business Associate.

Business Associate agrees that Covered Entity may at any time review Business Associate's privacy and/or security policies and procedures to determine whether they are consistent with Covered Entity's policies, procedures, and practices, and shall promptly notify Business Associate in writing regarding any modifications Covered Entity may reasonably believe are needed in order to meet Covered Entities requirements.

Business Associate agrees that Covered Entity may at any time review the training materials used by Business Associate to comply with Section 2.2 (Training), as well as all records and documentation relating to the provision of such training, and shall promptly notify Business Associate in writing regarding any issues identified, as well as recommended modifications Covered Entity may reasonably believe needed for Business Associate to meet its requirements.

If Business Associate receives a request from an Individual for a copy of the Individual's PHI, and such information is in the sole possession of the Business Associate, Business Associate will provide the requested copies to the Individual and notify the Covered Entity of such action. If Business Associate receives a request for Protected Health Information in the possession of the Covered Entity, or receives a request to exercise other individual rights as set forth in the Privacy Rule, Business Associate shall notify Covered Entity of such request and forward the request to Covered Entity. Business Associate shall then assist Covered Entity in responding to the request.

Security Measures.

Safeguards: HIPAA, as well as the Privacy, Security and Notification Rules, require that the administrative, physical and technical safeguards, as well as the policies, procedures and documentation requirements that apply to Covered Entity, shall apply in the same manner to Business Associate. Pursuant to the foregoing requirements, Business Associate will implement administrative, physical, and technical safeguards that reasonably and appropriately protect the confidentiality, integrity, and availability of the PHI that it Processes. PHI contained in portable devices or removable media shall be encrypted.

Business Associate shall, at its own cost and effort, monitor the issuance of laws, regulations, and guidance, including but not limited to guidance related to HIPAA or provided by the U.S. Department of Health and Human Services, on the most effective and appropriate safeguards for use in carrying out the requirements set out in this Agreement, and the Privacy, Security & Notification Rules.

Business Associate agrees to fully cooperate in good faith with and to assist Covered Entity in complying with the requirements of the Privacy, Security & Notification Rules.

PERMISSIBLE REQUESTS BY COVERED ENTITY

Covered Entity shall not request Business Associate to use or disclose PHI in any manner that would not be permissible under the Privacy Rule if done by Covered Entity.

PLATFORM-SPECIFIC REQUIREMENTS

Email and Messaging Channels. The Parties acknowledge that certain Platform features may transmit PHI to Covered Entity through email or other messaging channels (e.g., delivery of patient assessment results, letter generator outputs, or notifications). Business Associate maintains Business Associate Agreements with the email and messaging service providers through which transmissions are routed, and applies appropriate administrative, physical and technical safeguards to such transmissions. Business Associate's safeguards do not extend to email systems or environments outside of Business Associate's control. Covered Entity acknowledges and agrees that Covered Entity is responsible for the security of Covered Entity's own email/messaging environment(s), including the email address and account through which Covered Entity receives communications.

Audio Recording and Ambient Documentation. To the extent Covered Entity uses any audio recording or ambient documentation feature of the Platform, Covered Entity is solely responsible for obtaining and documenting all patient consents and authorizations required by applicable federal and state law for the recording of patient encounters, including any applicable all-party (two-party) consent requirements. Business Associate provides transcription and documentation tooling only and does not obtain such consent on Covered Entity's behalf. Covered Entity represents and warrants that it will obtain valid patient consent prior to each recorded encounter. Audio captured through such features is transcribed and then deleted; the audio recording itself is not retained beyond what is necessary to produce the resulting documentation.

Appropriate Use of Platform. Covered Entity shall: (a) Use the Platform in accordance with the Platform Service Agreement (and any supporting documentation provided by Business Associate); (b) Submit PHI only through Platform features designed to handle PHI; (c) Obtain consents, authorizations, and/or provide notices required by HIPAA, state law, or applicable professional standards, relating to such information; (d) Maintain the security of its account credentials and notify Business Associate promptly of any suspected compromise; (e) Comply with Covered Entity's own HIPAA obligations when using the Platform.

TERM AND TERMINATION

Term. This Agreement, effective as of the Effective Date, shall terminate when all of the PHI provided by Covered Entity to Business Associate, or created or received by Business Associate on behalf of Covered Entity, is destroyed or returned to Covered Entity, unless it is infeasible to return or destroy PHI, in which case Section 7.3, below, shall apply.

Termination for Cause.

This Agreement authorizes and Business Associate acknowledges and agrees that Covered Entity shall have the right to immediately terminate this Agreement and any Service Agreement(s) in the event Business Associate fails to comply with, or violates a material provision of this Agreement, or any requirements of the Privacy, Security & Notification Rules.

Upon Covered Entity's knowledge of a material breach by Business Associate,

Covered Entity shall, whenever practicable, provide a reasonable opportunity for Business Associate to cure the breach or end the violation.

If cure is not possible or if Business Associate does not cure a curable breach or end the violation within a reasonable time as specified by, and at the sole discretion of, Covered Entity, Covered Entity may immediately terminate this Agreement and Service Agreement(s).

Upon Business Associate's knowledge of a material breach of this Agreement by Covered Entity, Business Associate shall have the same right to provide notice, cure period, and termination.

Effect of Termination.

Except as provided in Section 7.3.2. below, upon termination of this Agreement for any reason, Business Associate shall return or destroy all PHI received from Covered Entity or created or received by Business Associate on behalf of Covered Entity. This provision shall also apply to PHI that is in the possession of Subcontractors, agents or affiliates of Business Associate. Business Associate shall retain no copies of the PHI.

In the event that Business Associate determines that returning or destroying the PHI is not feasible, Business Associate shall provide to Covered Entity notification of the conditions that make return or destruction infeasible. Upon mutual agreement of the Parties that return, or destruction of PHI, is infeasible, Business Associate shall extend the protections of this Agreement to such information and limit further uses and disclosures of such information to those purposes that make the return or destruction infeasible, for so long as Business Associate maintains such information.

To the extent that a particular tool within the Platform processes PHI transiently, the Parties acknowledge that such PHI is not retained for ongoing storage beyond what is necessary to deliver the requested outputs to Covered Entity, and that at the time of termination little or no such PHI may remain in operational systems subject to return or destruction. To the extent other tools store PHI persistently, the return or destruction obligations set forth above apply. Patient information may persist transiently in encrypted backups during normal backup rotation, after which it is destroyed.

MISCELLANEOUS

Indemnification. To the extent permitted by law, each Party (the "Indemnifying Party") agrees to indemnify and hold harmless the other Party, and its affiliates, officers, directors, employees, agents, and Subcontractors from and against all actual and direct losses (including, without limitation, reasonable attorney's fees, defense costs, and equitable relief) arising out of, resulting from, or attributable to any acts or omissions or other conduct of the Indemnifying Party, or its affiliates,

officers, directors, employees, agents, or Subcontractors, in connection with the performance of duties under this Agreement. This indemnity shall not be construed to limit either Party's rights, if any, to common law indemnity.

Business Associate shall maintain sufficient insurance coverage as shall be necessary to insure Business Associate, its Subcontractors, agents and affiliates, for damages incurred, including but not limited to any costs and expenses associated with notification under the Breach Notification Rule and/or state law, by Covered Entity and/or other third parties as a result of Business Associate's unauthorized use or disclosure of PHI, Breach of unsecured PHI, or a Security Incident.

Survival. The respective rights and obligations of the Parties under this Agreement shall survive the termination of this Agreement.

Interpretation. Any ambiguity in this Agreement shall be resolved in favor of a meaning that permits compliance with the Privacy, Security & Notification Rules.

No Third-Party Beneficiaries. Nothing in this Agreement shall be construed to create any rights or remedies in any third party, including any Individual, except as expressly required by HIPAA.

All instructions, notices, consents, demands, or other communications required or contemplated by this Agreement shall be in writing and shall be delivered by hand, by facsimile transmission, by email, by overnight courier service, or by prepaid first class registered or certified mail (return receipt requested), addressed to the respective Party at the appropriate facsimile number, email or address as set forth below, or to such other Party, facsimile number, email or address as may be hereafter specified by written notice.

All instructions, notices, consents, demands, or other communications shall be considered effectively given as of the date of hand delivery; upon delivery confirmation if sent by overnight courier service or by prepaid first class registered or certified mail; or upon the date of transmission (or the next business day, if it is not a business day), if sent by facsimile or email.

Strict Compliance. No failure by any Party to insist upon strict compliance with any term or provision of this Agreement, to exercise any option, to enforce any right, or to seek any remedy upon any default of any other Party shall affect, or constitute a waiver of, any Party's right to insist upon such strict compliance, exercise that option, enforce that right, or seek that remedy with respect to that default or any prior, contemporaneous, or subsequent default. No custom or practice of the Parties at variance with any provision of this Agreement shall affect, or constitute a waiver of, any Party's right to demand strict compliance with all provisions of this Agreement.

Severability. With respect to any provision of this Agreement finally determined by a court of competent jurisdiction to be unenforceable, such court shall have jurisdiction to reform such provision so that it is enforceable to the maximum extent permitted by applicable law, and the Parties shall abide by such court's determination. In the event that any provision of this Agreement cannot be reformed, such provision shall be deemed to be severed from this Agreement, but every other provision of this Agreement shall remain in full force and effect.
